BRAND BOOK · V1.0 · CONCEPT

The rules of one line

MOKA’s official brand book is the foundation. This book turns the idea inside it — four letters, four brews, one line — into rules for every touchpoint: for designers, baristas and social media.

The platform and tone of voice are proposals for MOKA, to be refined with the team.

Foundation

MOKA'S OFFICIAL BRAND BOOK

This book has two layers. The foundation is MOKA's official brand book: the logo, the black-and-white palette, the typefaces, the slogans and the packaging. It does not change. The system is the idea hidden inside that foundation: four letters, four brews, one line. The following sections are the rules of the system.

01 · MOKA'S OFFICIAL BRAND BOOK

Foundation

Logo and "Roastery & Eatery" · black-and-white palette · Yume and Avenir · slogans · packaging

02 · THIS BOOK

System

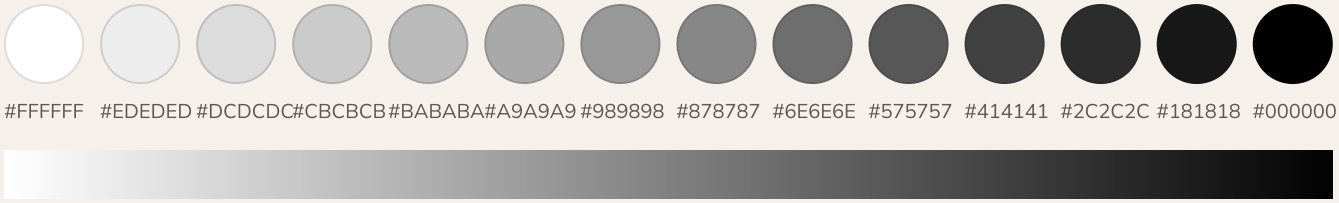

4 letters, 4 brews, 1 line · day colours · tone of voice · motion and sound · AR and games

OFFICIAL LOCKUP

The logo and "ROASTERY & EATERY" share the same width. At small sizes and in icons only the K mark is used.

BLACK AND WHITE

The official palette is a grey scale from white to black. This book's Espresso and Paper are warm tones of that scale; the day colours are for accents only.

HEX values are approximated from the scale in the brand book.

OFFICIAL TYPEFACES

Text and labels

The official typefaces are used in print; their licences should be checked. The alphabet sample in the brand book has no "ə", so the site and this book use free equivalents that cover the full Azerbaijani alphabet: League Spartan and Mulish. The samples above are set in those equivalents.

SLOGANS

IN COFFEE WE TRUST.

GOOD TO THE LAST DROP!

The system's line "Xəttə qədər." (To the line.) continues the second slogan in Azerbaijani: to the last drop, to the line.

PACKAGING

Coffee bag

Takeaway cup

Cold brew

Paper bag

The bag, the cup, the cold brew label and the paper bag stay as they are. The system adds nothing to them; the idea is already in the K mark, and the bean card, the menu and the digital channels tell the rest.

Platform PROPOSAL

PURPOSE

To brew coffee with care in Baku and make that care visible in every cup.

POSITIONING

A Baku roastery that takes coffee seriously but speaks simply: it shows the process instead of hiding it.

BRAND IDEA

4 letters · 4 brews · 1 line

VALUES

Precision

The line is not an accident: grams, minutes, degrees. Every cup to the same level.

Openness

We show where the bean comes from, how it is roasted and brewed.

Warmth

Oak, copper, morning light. From Baku, sincere, unhurried.

Play

Letters are tools, the line is a level — the brand invites discovery.

WHO IT IS FOR

Hypotheses — to be checked with real customer interviews.

The morning rush

A takeaway cup on the way to work. Wants speed and a precise taste.

The brewing enthusiast

V60, Chemex, origin. Looks for detail and story.

The meeting place

Friends, a laptop, a long stay. Space and atmosphere matter.

Logo

Each letter is a brewer; the gap that cuts through the letters is the coffee level in the cup — the signature line.

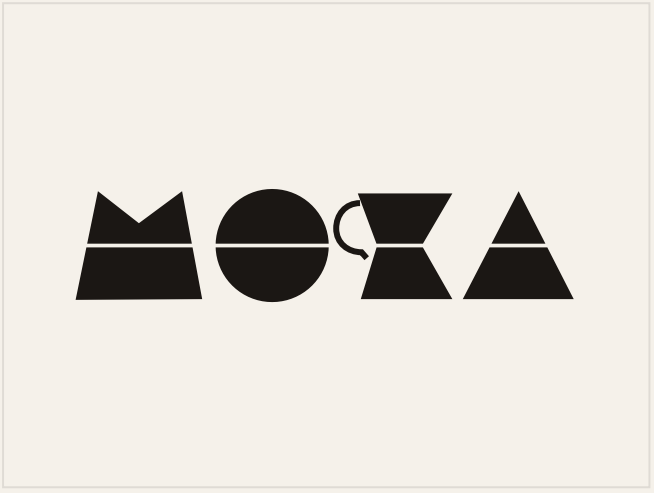

CONSTRUCTION

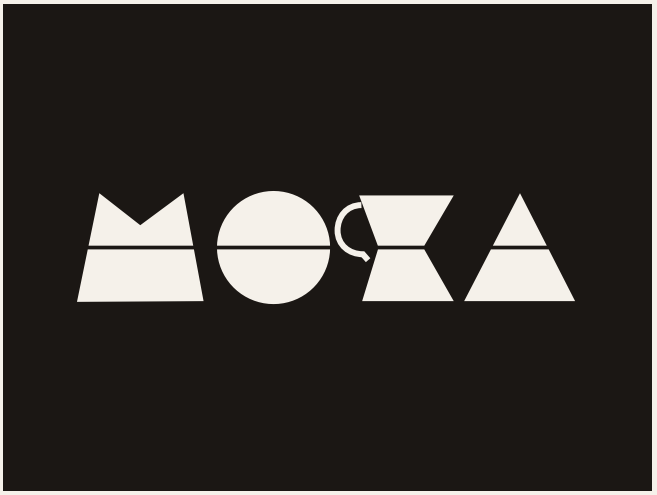

M	O	K	A
Moka pot	Cup	Chemex	V60

Signature line: 48–51% of the height

VERSIONS

Primary: espresso on paper

Reversed: paper on espresso

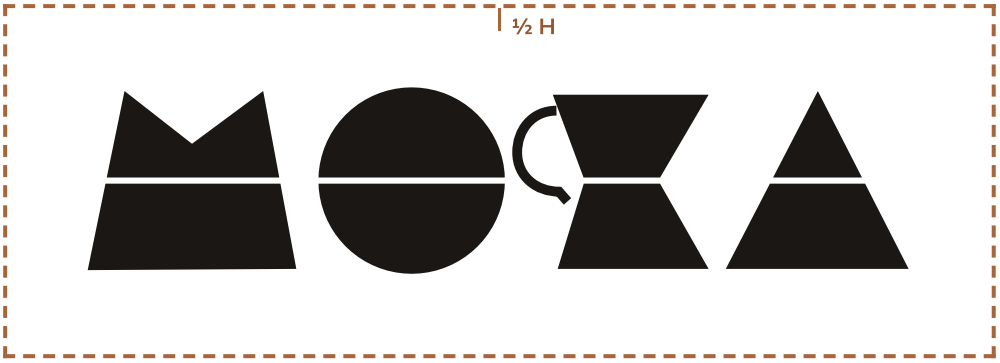

On the colour of the day

K symbol: small sizes, icon

CLEAR SPACE

Keep free space around the logo of at least half the letter height. No text, edge or other logo enters this zone.

MINIMUM SIZE

The line gap is 0.74% of the logo width. Below 1 pixel the line disappears, so:

Screen	at least 140 px wide
Print	at least 22 mm wide
Smaller	K symbol only

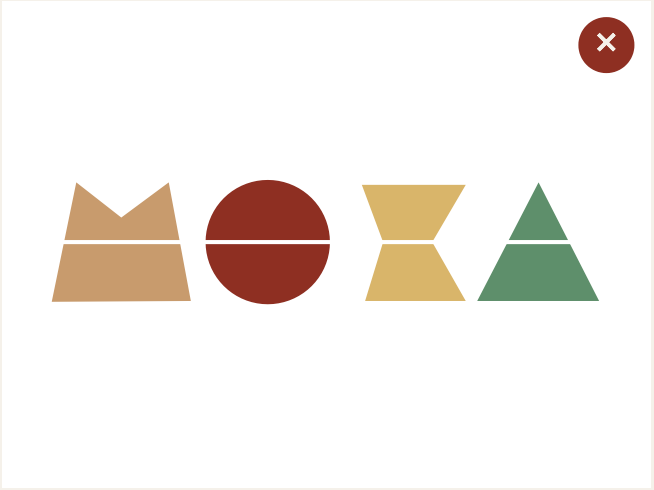

DON'T

Stretch or squash

Rotate

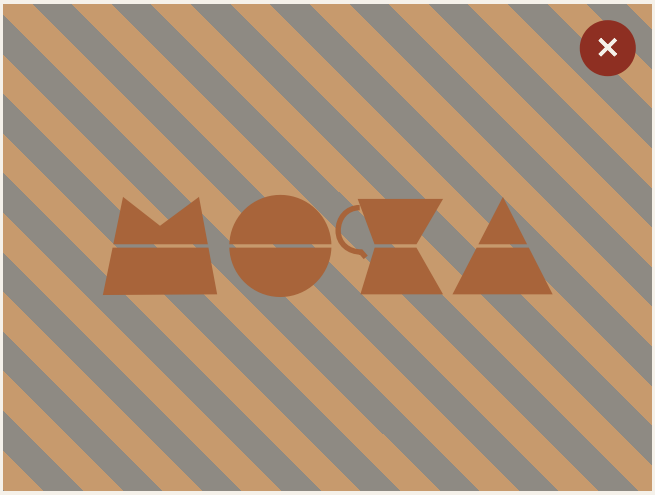

Colour the letters

Fill the line

Shadow, outline, effects

Busy background without contrast

Colour

The black-and-white logo is the base. Supporting colours come from the café interior and are named after the times of day. The site changes its own colour with those hours.

Grid and spacing

The site uses a 1320 px maximum width with 20/40 px margins. Spacing follows multiples of 8. The signature line is a layout divider too: 3 px, full width.

- Max width 1320 px
- Margins: 20 px phone, 40 px desktop
- Spacing: 4 · 8 · 16 · 24 · 32 · 48 · 64 · 96
- Divider: the 3 px signature line
- Corners: square (round only for avatars and swatches)

Photography

Photos are built on the line too: there is always one horizontal line in the frame — a table edge, the coffee level, a shelf. It sits in the lower third.

Line in the lower third

Light	Warm window light from the side. No flash.
Line	A horizontal line in the lower third: table, shelf, coffee level.
Process	Hands and moments: pouring, grinding, roasting. Process over result.
Material	Oak, copper, concrete, paper. No plastic, no busy backgrounds.

Colour	Natural colour, no filters. Let the day colours appear by themselves.

FOR BARISTAS: 6 STEPS WITH A PHONE

1. Wipe the lens.
2. Stand near a window, take the light from the side.
3. Turn on the grid; put the line in the lower third.
4. Tap the cup on screen to focus.
5. Pull exposure down a little — colours stay rich.
6. Shoot five frames, not one; pick the simplest.

WE AVOID

- ✕ Stock photos
- ✕ Heavy filters and vignettes
- ✕ Tilted horizons
- ✕ Photographing people without consent

Tone of voice PROPOSAL

MOKA speaks like a barista: knows, but doesn't lecture; warm, but never sugary.

Simple

Short sentences, everyday words.

WE SAY
On the bar today: Ethiopia, light roast.

~~WE DON'T SAY~~
~~Hurry to discover a unique coffee experience!~~

Precise

Numbers and facts, no hype.

WE SAY
15 g coffee, 250 g water, 3 minutes.

~~WE DON'T SAY~~
~~The best coffee in town.~~

Warm

Sincere, local, unhurried.

WE SAY
Come in, sit down. Coffee's ready.

~~WE DON'T SAY~~
~~Dear customers, please be informed that...~~

Playful

We play with letters and the line, in moderation.

> WE SAY
> K = Chemex. Today we fill to the line.

> ~~WE DON'T SAY~~
> ~~Cofffeeee 🔥🔥🔥 at MOKA!!!~~

TAGLINE

To the line.

CUP This cup goes to the line.

BAG The line shows the roast.

CLUB Collect points, reach the line.

CAFÉ Every cup right up to the line.

NAMING

Drinks keep their international names: Espresso, Flat white, Cold brew.

Seasonal series carry the name of a day colour: Səhər series, Axşam series.

Limited releases: Nar № [0001] — with the artist's name.

WRITING RULES

Azerbaijani letters always correct: ə, ğ, ı, ö, ş, ü, ç — never replaced by “e”.

Price: 4.50 ₼ · weight: 250 g · temperature: 93 °C.

Sentence case; CAPITALS only in design labels.

At most one emoji per post; none on the menu.

The three languages carry the same meaning, not a word-for-word translation.

EXAMPLES

INSTAGRAM

The Səhər series is here. Light roast, V60, 3 minutes — to the line. [origin]

MENU

Flat white — more coffee, a thin layer of microfoam.

ERROR PAGE

This page didn't reach the line.

Motion

Every movement comes from coffee itself: it pours, settles and reaches the line. Motion never hides content and switches off with “reduce motion”.

Pour

Starts slow and speeds up (ease-in). Intros, reveals.

Settle

Arrives fast and stops softly (ease-out). Cards, text.

Line

Draws at a steady speed (linear). Progress, dividers, timers.

LOGO ANIMATION

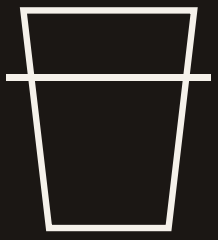

The line draws, the halves of the letters arrive and close on it. 3 seconds, with the sound logo.

Print files are RGB PDFs with 3 mm bleed; CMYK values are listed above and the printer converts. The packaging stays in its official design, so there are no bag or cup files. [Bracketed] text is a placeholder.
